MAGNUM OPUS DUE

Step into your future home

NEA DROSIA
Larnaca, Cyprus

A **solid, elegant** *architectural presence*
— *where geometric clarity meets*
timeless *design.*

WELCOME TO

A New Standard of Living in Larnaca

Magnum Opus Due brings a contemporary residential concept to the heart of Nea Drosia — four floors of considered design, where geometric clarity, white volumes and warm gold accents come together to create an elevated, private living experience just minutes from the city.

AT A GLANCE

Designed for Privacy, Built for Life

Magnum Opus Due is located in the Nea Drosia area of Larnaca, near the Larnaca General Hospital. The building has four floors and a solid, elegant architectural presence. The development includes six 2-bedroom apartments, designed to maximise space and functionality, and one exclusive 3-bedroom apartment with generous living areas, ideal for families seeking the comfort of a private home. A limited number of apartments per floor keeps shared traffic low and adds to the sense of privacy.

LOCATION

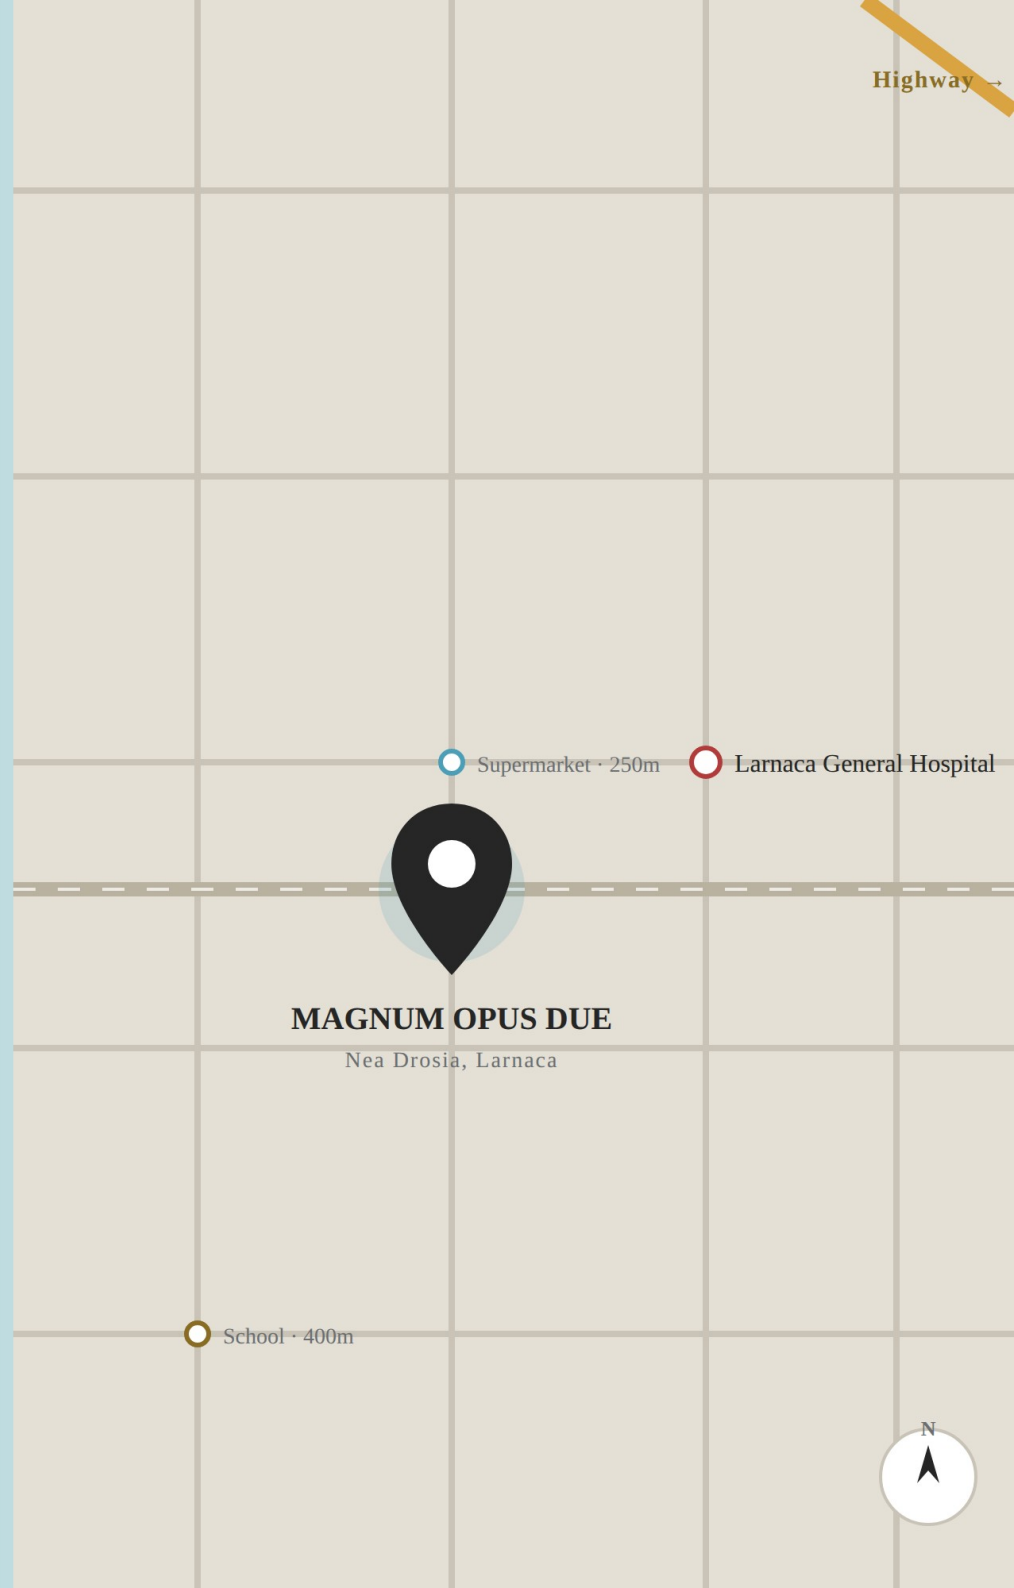

Nea Drosia, Larnaca

Set in one of Larnaca's established residential neighbourhoods, Magnum Opus Due places you close to everyday essentials — schools, healthcare, retail and the highway network — while remaining a quiet, low-traffic address within easy reach of the city centre and coastline.

HOSPITAL

An architectural rendering of a modern building entrance. The building features a mix of light grey, tan, and white panels. A man in a white shirt and khaki shorts stands near a dark car on the left. A woman in a white top and tan pants walks on the right. The entrance is landscaped with greenery. The sky is blue with some clouds.
