Magnum Opus Quattro

Seven exclusive residences, crafted for a refined
and contemporary way of living by the sea.

THE DEVELOPMENT

A Rare Address by the Marina

Magnum Opus Quattro is an exclusive residential development in a privileged location in the Larnaca Marina area, offering a modern and refined lifestyle in one of the city's most sought-after and up-and-coming neighbourhoods.

The project comprises just seven unique residences, designed with an emphasis on comfort, privacy and functionality: one one-bedroom apartment, three two-bedroom apartments, two 2+1-bedroom apartments and one three-bedroom apartment — including a distinctive ground-floor duplex residence with its own private garden and courtyard, connected to the upper level by an internal staircase.

Every home is designed with contemporary open-plan layouts that make the most of space, natural light and functionality, finished with high-quality materials and carefully considered details for an elegant, timeless living environment.
