MAGNUM OPUS TRE

Step into your future home

NEA DROSIA
Larnaca, Cyprus

*The most **boutique** building in the collection
— an intimate setting defined by **minimalist**
luxury.*

WELCOME TO

A Boutique Address in Nea Drosia

Magnum Opus Tre is the most boutique building in the Magnum Opus collection — just three floors offering a more intimate and private residential setting. Clean horizontal lines, exposed concrete and glass railings define a low-rise elegance built for those who appreciate privacy and exclusivity.

AT A GLANCE

Minimalist Luxury, Intimate Scale

Magnum Opus Tre is the most boutique building in the Magnum Opus collection in Nea Drosia. With just three floors, the development offers a more intimate and private residential setting. It comprises nine exclusive residences: six 2-bedroom apartments with open-plan layouts that maximise space and flow, and three premium 1-bedroom apartments with expansive interiors and high-end finishes. The building uses high-quality materials, including exposed concrete, glass railings, and durable finishes that enhance both its aesthetic appeal and long-term value.

LOCATION

Nea Drosia, Larnaca

Set in the same sought-after Nea Drosia neighbourhood as the rest of the Magnum Opus collection, Tre places you close to everyday essentials — schools, healthcare, retail and the highway network — while remaining a quiet, low-traffic address within easy reach of the city centre and coastline.
